

## Harrah's Lake Tahoe Construction Defects and Construction Cost Trends and Feasibility Analysis

**Friday, October 10, 2008,  
Registration starts at 7:45 am; Seminar - 8:30am – 4:30 pm**

The morning session will focus on construction defects and the implications for appraisers relating to inspection and relying on reports provided by others. The speaker is Ed Martinet with MC Consultants. The company serves clients nationwide in construction forensic related claims and litigation matters. The company's expertise includes construction defects, mold claim investigation, real estate non-disclosure, site accidents and injuries, product failures, and first- and third-party property damage analysis.

The afternoon session will focus on cost/value issues with the speakers to include Ron Garland, MAI, Mary Wallers, and John Moreno. The speakers will interact throughout the afternoon session and have taught a similar forum in the past. Ron Garland is a very well respected appraiser, and Mary Wallers and John Moreno are construction cost experts.
